

FAIR DROP

Fair, bot-resistant limited-seat booking for **FUTUREFEST 2026** (500 tickets, up to 50,000 simulated participants).

Status: Phase 0 complete (architecture + engineering contract only). No application code yet.

Doc	Contents
	Final decisions, assumptions, open decisions
	Components, connection model, four mechanisms, invariants, frontend surfaces
	Drop / participant / ticket / reservation / session / experiment lifecycles
	D1 + Durable Object schemas, constraints, write budget
	REST + WebSocket API
	Fairness and integrity metric definitions
	Threats, counters, residual weaknesses
	Simulator profiles, scenarios, paired A/B method
	Phases 1–16
